Best Coffee in Town!

Marylou's Famous Regular Coffee, otherwise known as the "Best Coffee in Town" is a special combination of coffees from Colombia, Brazil and Central America. It was carefully selected by Marylou when she opened her first store in 1986. Being a true coffee lover herself and wanting to serve the perfect cup to all her customers, she searched out many different importers until she came up with a blend that would please even the most demanding coffee drinker. Marylou's ground coffee beans make an excellent THANK YOU gift...or reason to visit! Bring some with you to a friend or relative and share the secret of The Best Coffee in Town!

NOTE: To brew best tasting coffee at home, use Spring or carbon filtered water.

If you have concerns about allergens or nutritional information, please ask a team member on duty.

Thank you!
